

PRO REELS SERIES

STX-20-1

20' (6.1 m) Retractable 12 AWG Power Cable Reel
Single Tap with LED Indicator

Efficient cable management solution for professional environments.

The Stage Ninja® STX-20-1 delivers 20 feet (6.1 meters) of 12/3 power cable with an over-molded single-tap female connector and LED power indicator. The high-tension reel locks at any length and retracts smoothly, eliminating cord winding and tangles. The 3-foot (0.9 meters) static lead includes a male plug with a 15-amp onboard circuit breaker, and the steel housing comes with an eye hook and optional swivel bracket.

Key Features

Durable Powder-coated steel housing with over-molded connectors

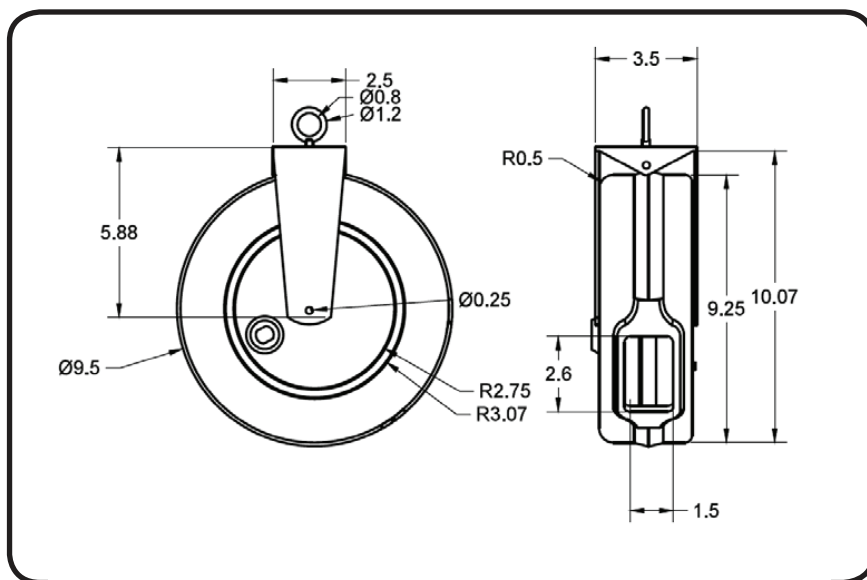

Retractable Smooth operation; locks at any length with high-tension mechanism

Reliable 20' (6.1 m) retractable 12/3 power cable with LED indicator

Flexible Swivel wall or ceiling mounting bracket included

Serviceable Constant tension configuration available upon request

Custom options available to meet specific requirements. Call 317-829-1507 to learn more. **Made in the USA.**

Warnings

WARNING Read all instructions before use. This product can cause injury, including but not limited to burns, cuts, eye injuries, or amputation if the cord is misused or damaged. Recoil may cause injuries, especially when reconnecting. When unplugging, hold the cable end to maintain control. Avoid wrapping the cord around any appendage or body part. Wear long pants and protective gear to minimize the risk of burns or cuts from the retractable cord. The retractable cord is intended for use by responsible adults only. Keep out of reach of children. Do not allow anyone to touch or come into contact with the reel while in use. Stop using the retractable cable if it shows any signs of wear, damage, or does not function properly. Do not place hands, feet, head, or any other body part near the housing while the cord is extended. Please heed these warnings and exercise caution when using the retractable cable.
