

Efficient cable management solution for professionals.

Power and ethernet in one compact retractable cable reel! One 20A circuit and one gigabit ethernet cable are sleeved together with fanouts to individual cables for hookup in Stage Ninja's compact stainless steel retractable cable reel platform. American-made, industrial-grade, and engineered for commercial and professional use.

Key Features

- Constant tension design with bus drop grip at fanout for strain relief allows free cable movement with equipment or machinery — perfect for theater rigging, manufacturing automation, telescoping masts, etc.
- Compact reel made from 304 stainless steel and anodized aluminum, featuring liquid- and dust-tight gaskets and cord grips with 10,000 cycle industrial spring drive
- Platform allows customized spring drives and dampers to optimize for cable types, weights and usages.

Custom options available to meet specific requirements. Call 317-829-1507 to learn more. Made in the USA. 

Cable Lengths	Retractable 35 ft (10.67 m) with 18" (45.7 cm) fanout; Static 3 ft (0.91 m) with 12" (30.5 cm) fanout
Cable & Connectors	12/3 SJ (300V 20A) to flying leads + 26 AWG hi-flex industrial shielded CAT6 with Neutrik etherCONs; other connectors available
Ethernet Standards	10/100/1000 Base-T
Bandwidth Rating	250 MHz
Tension Adjustable	Yes, by adding/removing wraps on pretensioned drum
Mounting	Integrated base; optional swing (BRK-12-SWG) & pivot (BRK-12-PVT) brackets or pre-installed truss clamps (BRK-12-PC2) available
Retraction style	Constant tension; (locking/releasing configuration: PWRDATA-35-SST)
Dimensions & Weight	13.9 in. x 12.15 in. x 11.365 in. (353 mm x 308.6 mm x 288.7 mm); 35 lbs (15.9 kg)
Warranty	2-year limited warranty

⚠ WARNING Read all instructions for installation, operation and maintenance. This product can cause injury including but not limited to burns, cuts, eye injuries, or amputation if cord reel is used improperly or damaged. Rapid recoil may cause injuries. When disconnecting, hold cable end to maintain control of recoil. Do not allow cord to fly back unaided; guide cord slowly back into reel. Do not wrap cord around finger, neck, arm, leg or other appendage or body part. Wear long pants to reduce the risk of burns and cuts from retraction. The retractable cord is for use by responsible adults only. Keep out of reach of children. Do not allow anyone to come into contact with the reel while it is in use. Stop using if cable becomes frayed, damaged, shows any other signs of wear and tear, or does not function properly. A high tension spring assembly is contained within the reel. DO NOT OPEN or attempt any repairs yourself. Do not attempt to repair the cord. Even low voltage can cause irreparable damage or death! Please heed these warnings and use retractable cable reels with caution.
